

Issues

- Concerns about vehicle speed
- Visibility challenges from intersection angles and parking near corners
- Primary route for traffic to make regional connections through the neighborhoods

Public Comments

- Failure to stop for pedestrians
- Crosswalk Limitation (distance too long, wait times too long)
- Unsafe Condition for Cycling
- Unsafe Condition for Pedestrians
- Poor Visibility
- Red Light/Stop Sign Running
- Speeding

Opportunities

- Redesign intersections to shorten crossing distances and improve visibility in the corridor's north end
- Traffic calming at the corridor's southern end
- Redesign intersections of Arkansas/16th and Arkansas/Piney Branch to slow turning drivers
- Strategic reductions in parking in some locations to improve visibility

- Schools
- Recreation Centers
